Hi Jenny,

Apologies, I forgot to include you in the mass e-mail. Please see below for information regarding the next check-in call with the Tribes and the Action Agencies.

Thanks,  
Emi

Good afternoon,

Please reserve **March 6 (Mon), 1-2 pm** for our next check-in call. Please dial-in to Not Responsive (no passcode).

I have the following list as a proposed agenda. Please let me know if you would like to add any items to the list.

- Quick introduction - Jenny Wu (EPA)
- Update on climate change - discussion
- Where we are with the BiOp - possibly walk through some proposed changes for the first half of the BiOp (depending on whether we have a cleared version by then)
- Next steps

Please let me know if you have any questions or concerns.

Thanks,  
Emi

Hi all,

Please fill out the doodle poll for our next check-in call, if you haven't done so already. During the next check-in, I will have some updates on possible climate change data from the Forest Service website we could use in our analysis, as well as our proposed approach.

Thanks,  
Emi

Good morning everyone,

As promised, this is the e-mail to loop back with everyone based on my conversation with our attorney Ryan Couch. We will be sending out a clean version of the draft BiOp for your technical review in pieces (as opposed to a whole draft at once) as we complete internal review. Please expect a draft in early March.

Also, because of our tight timeline, I would like to ask that all climate change related data/information be submitted to me no later than **COB on February 9 (Thurs)**. If you have any concerns about this timeline, please let me know.

I would also like to propose to have a date for the next check-in. Please fill out [this doodle poll](#) as soon as possible, so we can have a date and a time on the calendar.

(I will be checking e-mails intermittently). If you have any urgent matters to discuss on the phone, please contact Robert Bayley at [\(503\) 230-5432](tel:5032305432) or Amilee Wilson at [\(360\) 753-5820](tel:3607535820).

As always, please feel free to give me a call if you have any questions or concerns.

Thanks,  
Emi
